

**Ranger Experience** is a Resident Camp Program for Venturers. It helps prepare Venturers for high adventure activities and provides opportunities to work towards both core and elective requirements of Venturing's Ranger Award, all while Venturers have fun in the beautiful outdoors of the Blue Ridge Mountains.

### / 2018 Summer Costs

Fees are \$400 per youth per week and \$265 per adult per week, due by 5/18/18.

Register and pay by 4/13/18 and save \$40 per person!

Also, two adults per unit per week are free!

### / 2018 Summer Schedule

Ranger Experience is offered all summer. Some weeks have additional special programs.

Week 1: June 25—June 30 (LDS Week)

Week 2: June 30—July 7

Week 3: July 7—July 14

Week 4: July 14—July 21

Week 5: July 21—July 28

Week 6: July 28—August 4 (Specialty Week)

Venturers who cannot make it with their Crew should check out our Provisional program, which allows campers to attend as individuals any week of the summer.

## RANGER EXPERIENCE

Venturing Resident Camp

Summer  
2018

## About the Program

We put all the tools a Venturer needs in one place, all summer long. The program is designed to challenge Venturers at all levels. Check out our amazing waterfront and our Aquatics program. Sharpen your outdoor skills at Scoutcraft. Shoot shotgun, archery, and rifle at Shooting Sports. Learn about plants, wildlife, environments, and conservation at Ecology.

Ranger Experience allows Venturers to build their own program. Some program options—like BSA Lifeguard—will take the whole week, while others can be combined to create your own experience. Learn about the sport of fishing and try to catch fish from Lake Merriweather, go boating and have fun with watercraft, learn about the natural world and more.

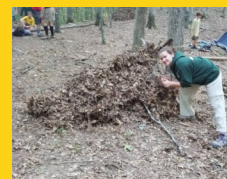

## Avoid Excessive Tabletop Displays

Learn advanced skills and help out the camp staff by teaching a skill or giving a presentation to the Boy Scouts learning about the same topics in their Merit Badges.

## Just for Fun

Hang out with your friends in free swim or open boating. Test your accuracy at free shoot, with archery, rifle, or shotgun. Get crafty at handicraft. Go on an adventure with the Canoeing Overnighter—canoe across the lake, go rappelling, and then camp out. Make the hike to Viewing Rock and see the Reservation and the lake from up high. Challenge other Crews and Troops—whether it's during Trivia Night at Eagle's Eyrie or during the campwide games on Friday afternoon.

## Survive the Wilderness!

One of the more intensive and rewarding program options is Wilderness Survival. Head out of camp, learn about different survival methods, and spend two nights in a shelter that you build.

Develop your teamwork and leadership with COPE or work on the Mountaineering elective with Goshen's Climbing program.

## Want More?

While part of your crew learns the skills, you can test yours out next door—at Lenhok'sin High Adventure. Spend a week backpacking and stopping at outposts to engage in adventure activities, like caving or black powder shooting.

Polish your skills, advance toward awards, and have fun in the outdoors!
