NOTES

All prerequisites are subject to change with advisement of the National Capital Area Council Advancement Committee.

Saving Class Selection

A Scout does not need to be paid in full in order to begin the process to sign up for merit badges and activities. Importantly, in order for a Scout's class selection to be saved and their spots in those badges and activities to be secured, the Scout must be booked. You will see the words "Booked on [insert date]" underneath their name. If you still see "Checkout Required," the Scout is not yet booked and their classes will not be saved until the checkout process is complete and they have paid the minimum expected at the time of booking based on the payment timeline.

Limited Class Size

All classes will have size limits. These classes are first come, first served. Once classes are full, further sign ups will be placed on a waitlist and added as space opens. We highly encourage signing up for the waitlist of your first choice.

All Inclusive Experience

An "all-inclusive" fee structure means that there are no hidden or additional costs for your Scouts or leaders to attend a GSR Summer Camp beyond the camp registration fee. Previous additional costs for items and programs such as Basketry kits, leather crafts, shotgun ammunition, and the ATV program are now included!

Age Recommendations

Any program that says “Must be X years or older” is an age requirement. All others are age recommendations based on information from our program staff based on instructional content or physical skills that are covered in that program.

Prerequisite Proof

Some Merit Badges have requirements which cannot (or should not) be completed at camp. These requirements may be completed before or after camp, but in order to complete the badges at camp, we will need evidence of completion of prerequisites.

If it says to do something (such as cook a meal, meet with your family, etc...)

Bring a note from an adult who was there and can verify completion of the requirements (ie family member, scoutmaster, troop adult leader, etc.) Pictures are not required but are welcome.

If it says to make something (such as prepare a survival kit, make an exercise plan, etc...)

Bring what you made to show your instructor! This includes written products such as menus and other documents.

Open Program

Programs listed as “part of Open Program” or “drop-in activity” do not have online sign ups. For these activities, scouts can participate by showing up to the program during Open Program for that program area or at any time during the designated time span for that program.

A, B, etc. Sessions

Some merit badges and activities are popular enough that we offer multiple opportunities to take the same classes. Scouts only need to sign up for one session (A, but not B) to take the badge or activity. Any non-contiguous classes that have Part 1 and Part 2 (ex. Rifle Shooting or Shotgun Shooting at Camp Olmsted) will automatically sign the Scout up for Part 2 of the class when they sign up for Part 1.

Scouts BSA Test Lab

A few of the activities we are offering this summer are part of the Scouts BSA Test Lab which develops fun and interesting new topics into potential new badges. Scouts taking part in these activities will complete requirements and then complete an online survey to earn a certificate of completion. Depending on the outcome of the surveys across all of Scouting America, these may become official merit badges in the future. Learn more about Scouts BSA Test Lab here: www.scouting.org/skills/merit-badges/test-lab/

Unit Leader Discussion

A recent update to the Guide to Advancement requires that a Scout must meet with their unit leader or their delegate prior to working with a counselor or attending a group merit badge opportunity. This is the leader's opportunity to give guidance on the wisdom of pursuing a selected merit badge. Even though a leader may voice concerns about a particular Scout pursuing a particular merit badge, it is the Scout's decision whether or not to proceed.

By selecting the Unit Leader Discussion registration radio button, the parent/guardian or unit camp registrar is documenting that this discussion with the unit leader or delegate has taken place.

Parent/Guardian Permission Needed

Some Merit Badges have requirements that require parent/guardian permission to complete if it involves meeting with a guest adult or completing research. Some camps use the internet for instruction while others use books and other resources.

By selecting the Parent/Guardian Permission registration radio button and by signing up their Scout for the badge, the parent/guardian gives permission and a unit camp registrar agrees that they have gotten permission from the parent/guardian for the Scout to take the badge.

Full requirements for all badges can be found at www.scouting.org/skills/merit-badges/all/

Badges and requirements that this applies to are listed below:

Animal Science

Requirement 6 options

Beef Cattle Option - 6b1) If you cannot visit a cattle ranch or farm, view a video from a breed association, or research the internet (with your parent or guardian's permission) for information on beef cattle production. Tell about your findings.

Dairy Option - 6b6) If you cannot visit a dairy farm or processing plant, view a video from a breed or dairy association, or research the internet (with your parent or guardian's permission) for information on dairying. Tell about your findings.

Horse Option - 6c4) If you cannot visit a horse farm, view a video from a breed association, or research the internet (with your parent or guardian's permission) for information on horses. Tell about your findings.

Sheep or Goat Option - 6d4b) If you cannot visit a sheep or goat farm or ranch, view a video from a breed association, or research the internet (with your parent or guardian's permission) for information on sheep or goats. Tell about your findings.

Hog Option - 6e3b) If you cannot visit a hog production unit or packing plant, view a video from a packer or processor, or research the internet (with your parent or guardian's permission) for information on hogs. Tell about your findings.

Avian Option - 6f4c) If you cannot visit a commercial facility, view a video from a poultry association, or research the internet (with your parent or guardian's permission) for information on poultry production. Tell about your findings.

Archaeology

9 - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Crime Prevention

3a - With your parent or guardian's permission and the approval of your counselor, research local, state, or national news coverage of three crimes of different types. Research how common these types of crimes are in your state or in the United States.

Digital Technology

1 - View the Personal Safety Awareness "Digital Safety" video (with your parent or guardian's permission).

5b - Using an internet search engine (with a parent or guardian's permission), find ideas from at least three different websites about how to conduct a troop court of honor or campfire program. Present the ideas to your counselor and explain how you used a search engine to find this information.

5c - Use a web browser to connect to an HTTPS (secure) website (with your parent or guardian's permission). Explain to your counselor how to tell whether the site's security certificate can be trusted, and what it means to use this kind of connection.

7c - Discuss with your counselor an article or (with your parent or guardian's permission) a report on the internet about a recent legal case involving an intellectual property dispute.

9a - Explore careers related to the Digital Technology merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Engineering

2 - Select an engineering achievement that has had a major impact on society. Using resources such as the internet (with your parent or guardian's permission), books, and magazines, find out about the engineers who made this engineering feat possible, the special obstacles they had to overcome, and how this achievement has influenced the world today. Tell your counselor what you learned.

9 - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Exploration

7 - Prepare for an Expedition. With your parent or guardian's permission and counselor's approval, prepare for an actual expedition to an area you have not previously explored; the place may be nearby or far away.

8a - With your parent or guardian's permission and under the supervision of your counselor or a counselor-approved qualified person, use the planning steps you learned in requirement 6 and the preparations you completed in requirement 7 to personally undertake an actual expedition to an area you have not previously explored.

9a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Geocaching

7 - With your parent or guardian's permission, go to www.geocaching.com. Type in your city and state to locate public geocaches in your area. Share with your counselor the posted information about three of those geocaches. Then, pick one of the three and find the cache. Note: To fulfill this requirement, you will need to set up a free user account with www.Geocaching.com. Before doing so, ask your parent for permission and help.

Geology

6a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Mammal Study

7a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Mining in Society

8 - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Model Design and Building

6 - Careers. Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or

guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Moviemaking

4a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Music

6a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission— an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Nuclear Science

8 - Careers. Explore careers related to nuclear science. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Painting

8a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Physics Test Lab (full requirements: www.scouting.org/skills/merit-badges/test-lab/)

9a - Explore careers related to this badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include — with your parent or guardian's permission — an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Plant Science

7a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's

permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Pottery

7 - With your parent or guardian's permission and your counselor's approval, do ONE of the following:

- c. Using resources from the library, magazines, the internet (with your parent or guardian's permission), and other outlets, learn about the historical and cultural importance of pottery. Share what you discovered with your counselor.

Programming

1a - View the Personal Safety Awareness "Digital Safety" video (with your parent or guardian's permission.)

6 - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Scouting Heritage

5 - Research the history of your unit, council, summer camp, or Order of the Arrow lodge. With the permission of a parent or guardian, your research methods may include an internet or library search, interviews with Scout leaders, or visits to locations where you learn about your topic. Prepare an oral or written report, a presentation, or a video of your research and review it with your counselor.

9a - Explore careers related to Scouting. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. With permission of your parent or guardian, your research methods may include an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Sculpture

3a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Space Exploration

8. Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Traffic Safety

8 - Careers. Explore careers related to traffic safety. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Weather

12 - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. Your research methods may include—with your parent or guardian's permission—an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

Wilderness Survival

10a - Explore careers related to this merit badge. Research one career to learn about the training and education needed, costs, job prospects, salary, job duties, and career advancement. With permission of your parent or guardian, your research methods may include an internet or library search, an interview with a professional in the field, or a visit to a location where people in this career work. Discuss with your counselor both your findings and what about this profession might make it an interesting career.

New Scout Programs

Each of the Scouts BSA camps offers its own program for new Scouts. These programs are designed to introduce the Scout that has just crossed over or just joined to Scouts BSA and Scout Camp. All programs offer a mix of advancement requirements from Scout, Tenderfoot, Second Class, and First Class, a chance to earn Merit Badges, and, of course, fun!

To see what requirements are covered and the Merit Badges and activities available for each program, please refer to the schedules for the specific camps.

Bowman Brigade

At Camp Bowman

To register, sign up for the all day program bundle. This will include the half day advancement session and our badge selection for Bowman Brigade Scouts. All Scouts will take Leatherwork and Mammal Study and then have the choice to select between Swimming or Chess. Make your selection for either the Bowman Brigade Swimming bundle or the Bowman Brigade Chess bundle in the online system.

New Scout Quest

At Camp Marriott

To register, sign up for the morning advancement session. Then, sign up for Merit Badges or other activities to complete your daily schedule. Check out the NSQ Schedule for recommended Merit Badges or look for Merit Badges in this packet recommended for new Scouts.

Trailhead

At Camp Olmsted

To register, sign up for the afternoon or morning advancement session. Then, sign up for Merit Badges or other activities to complete your daily schedule. Check out badges in this packet recommended for new Scouts. Taking an Open Program badge? No need to sign up! Just remember to go to that program area at that time!

Older Scout Shared Programs

In addition to advanced Merit Badges and activities, Older Scouts can take part in four of the reservation-wide programs offered to Scouts at the three Goshen Scout Camps – Bowman, Marriott, and Olmsted. When necessary, Scouts should arrange transportation with the Camp Staff at the Admin building or provide their own transportation. This includes Osprey, ATV, Climbing, and COPE. Descriptions of all these badges can be found in this packet.

Merit Badges & Activities

A

American Business Merit Badge

It's just good business! Learn about starting and running a business in the USA and how it ties into the local, national, and global economy.

Prerequisites: None

Bowman: Not offered.

Marriott: Not offered.

Olmsted: Culture Craft, combined with Entrepreneurship.

American Cultures Merit Badge

Explore the contributions of different racial, cultural, national, and ethnic groups to the melting pot that is the United States of America.

Prerequisites: 1a, b, c, or e

Bowman: Not offered.

Marriott: Eagle's Eyrie, part of Open Program.

Olmsted: Not offered.

American Heritage Merit Badge

Scouts will learn about the rich culture and heritage of the United States of America from our founding in 1776 to present day and what things in our past have developed or current traditions.

Prerequisites: 3c, 4

Bowman: Not offered.

Marriott: Eagle's Eyrie, part of Open Program.

Olmsted: Not offered

Animal Science Merit Badge

Get an introduction to the biology of farm animals. This badge covers general topics

on a range of farm animals and goes in depth into horses.

Prerequisites: None

Bowman: Nature.

Marriott: Not offered.

Olmsted: Ecology.

Animation Merit Badge

Tell stories, test your creativity, and demonstrate your artistic skills.

Prerequisites: None

Bowman: Handicraft, combined with Photography.

Marriott: Not offered.

Olmsted: Tech Center

Archaeology Merit Badge

Recommended for 13 years and older.

Before written history, we only have one way to discover our past.

Prerequisites: 11

Bowman: Not offered.

Marriott: Ecology.

Olmsted: Not offered.

Archery Merit Badge

Learn the fundamentals and safety involved with archery. Classes are shorter than other badges at Range and Target Activities, but have smaller class sizes and more sessions.

Prerequisites: None

All Camps: Range and Target Activities

Art

Good for new Scouts.

Get creative! Learn to employ different techniques in a variety of artistic mediums.

Prerequisites: 6

Bowman: Handicraft

Marriott: Handicraft, standalone part of Open Program and combined with Sculpture.

Olmsted: Handicraft, combined with Sculpture.

Astronomy Merit Badge

Address the allure of reaching beyond our own world. Scouts must be available for several nights to participate in a star party on a clear night. Bringing a pair of binoculars is recommended.

Prerequisites: 5b

Bowman: Nature.

Marriott: Ecology, combined with Space Exploration.

Olmsted: Tech Center.

ATV Program

Non-MB Activity

Must be 14 years or older.

Not a Merit Badge. Explore the beautiful scenery of Goshen Scout Reservation while learning how to safely operate an All-Terrain Vehicle. Participants must bring a long sleeve shirt, long pants, and sturdy, over the ankle boots. Participants will earn the ATV Safety Institute Basic Driver Certificate by the end of the week. This program is offered at Camp Post. Registered Scouts must complete the pre-course work available at <https://www.gotogoshen.org/information/for ms-downloads/> under "ATV Program Documents."

Shared program for campers at all camps.

Automotive Maintenance

Recommended for 13 years and older.

Get hands on experience with our old camp vehicles and learn about the inner-workings of cars, trucks, and other motor vehicles.

Prerequisites: None

Bowman: Not offered.

Marriott: The Guild.

Olmsted: Not offered.

Aviation Merit Badge

An introduction to the world of mechanical flight and the aircraft industry.

Prerequisites: 4a OR b OR c OR d

Bowman: Not offered.

Marriott: Not offered.

Olmsted: Tech Center.

B

Basketry Merit Badge

Good for new Scouts.

Learn about baskets and make woven souvenirs to take home. Projects include a round basket, a square basket, and a small stool. To avoid confusion, please wait and buy materials at camp. This badge can call for Scouts to put in extra work.

Prerequisites: None

Bowman: Handicraft.

Marriott: Handicraft, combined with Textile.

Olmsted: Handicraft.

Bird Study Merit Badge

Learn about the diversity and impact of birds in the environment. This is a time consuming badge and requires work outside of instruction time.

Prerequisites: 5

Bowman: Not offered.

Marriott: Not offered.

Olmsted: Ecology.

C

Camp Engineering Lab

Non-MB Activity

Plan, prototype, test, and rebuild as you explore engineering concepts like load-bearing, mechanical advantage, structural design, and teamwork. Each day brings a new challenge and a new chance to outsmart gravity.

Bowman: Nature.

Marriott: Not offered.

Olmsted: Not offered.

Camping Merit Badge

Eagle-required

Offers an introduction to many basic outdoor skills, including trip planning, packing, Leave No Trace, basic land navigation, and gear familiarization. Difficult to complete at camp. Opportunities for 9c will be available outside of class.

Prerequisites: 4b, 5e, 7, 8cd, 9abc

All Camps: Scoutcraft.

Canoeing Merit Badge

Learn the skills necessary to canoe with confidence and style.

Prerequisites: Pass swimmer's test.

All Camps: Aquatics.

Chemistry Merit Badge

Recommended for 13 years and older.

Explore and experiment with the behaviors and interactions of chemicals we use in our everyday lives and see how chemistry is used in the world.

Prerequisites: None

Bowman: Nature.

Marriott: Ecology.

Olmsted: Ecology.

Chess Merit Badge

Good for new Scouts.

Scouts in this badge will learn the basic terminology and strategy of the centuries old game of chess, including reacting against an opponent and planning your moves.

Prerequisites: None

Bowman: Culture Craft.

Marriott: Eagle's Eyrie.

Olmsted: Culture Craft.

Citizenship in the Nation Merit Badge

Eagle-required

Recommended for 13 years and older.

Scouts will learn about what it takes to be a good citizen in the United States of America. Be prepared to participate as well as write on multiple days.

Prerequisites: 5, 7

Bowman: Culture Craft.

Marriott: Eagle's Eyrie.

Olmsted: Culture Craft.

Citizenship in the World Merit Badge

Eagle-required

Recommended for 13 years and older.

Scouts will learn about being good world citizens by learning about their responsibilities as such and the responsibilities of other people all around the world. Be prepared to participate in class.

Prerequisites: 7

Bowman: Culture Craft, standalone and combined with Theater.

Marriott: Eagle's Eyrie.

Olmsted: Culture Craft.

Climbing Merit Badge

Recommended for 13 years and older.

Learn about the fundamentals and basics of climbing, belaying, and belaying safety. Classes take place in hour and a half sections at the Camp Post climbing wall.

Prerequisites: None

Shared program for campers at all camps.

Communication Merit Badge

Eagle-required

Scouts will learn about the importance of good communication and how vital communication is to our everyday lives. Be prepared to write a 5 minute speech, an advertisement, and have discussions.

Requires time outside of class. Pencil and paper must be brought every day.

Prerequisites: 5, 8

Bowman: Culture Craft.

Marriott: Eagle's Eyrie.

Olmsted: Tech Center.

Cooking Merit Badge

Eagle-required

Recommended for 13 years and older.

Scouts will learn the skills to safely handle and prepare food, and then develop the basic skills required to make a meal.

Prerequisites: 2c, 4, 6

Bowman: Scoutcraft.

Marriott: The Guild.

Olmsted: Scoutcraft.

COPE

Non-MB Activity

Recommended for 14 years and older.

Not a Merit Badge. Challenging Outdoor Personal Experience, or COPE, is a positive learning experience for an individual or group. Learn leadership skills, teamwork, and build confidence with other Scouts by completing team-building initiatives along with both low and high ropes courses.

COPE is offered at Camp Post.

Shared program for campers at all camps.

Crime Prevention Merit Badge

Awareness is the first step in preventing crime. Learn how agencies and programs in your community work to prevent crime and what you can do to help. Completion of requirement 10 is based on the availability of a law enforcement officer or civil servant to meet with the class at camp.

Prerequisites: 10

Bowman: Not offered.

Marriott: Not offered.

Olmsted: Handicraft, combined with Fingerprinting.

CSI: Wild

Non-MB Activity

In this investigative adventure, Scouts take on the role of wilderness detectives to solve simulated “camp crimes.” It’s one part Scoutcraft, one part mystery, and 100% hands-on problem solving.

Bowman: Scoutcraft.

Marriott: Not offered.

Olmsted: Not offered.

D

Digital Technology Merit Badge

It is now part of our everyday lives, but just how tech savvy are you?

Prerequisites: None

Bowman: Not offered.

Marriott: Not offered.

Olmsted: Tech Center.

E

Electricity Merit Badge

Learn what happens when you turn on a switch and make your own electrical connections.

Prerequisites: 2, 7

Bowman: Not offered.

Marriott: The Guild, combined with Electronics.

Olmsted: Tech Center, combined with Electronics.

Electronics Merit Badge

Apply your knowledge of electricity to complete circuit boards and other electronic devices.

Prerequisites: None

Bowman: Not offered.

Marriott: The Guild, combined with Electronics.

Olmsted: Tech Center, combined with Electronics.

Emergency Preparedness Merit Badge

Eagle-required

Recommended for 13 years and older.

Introduces Scouts to various aspects of emergency planning and response, including advanced first aid, search and rescue, backcountry emergency response, and emergency prevention and recovery. Need to have First Aid Merit Badge or be taking concurrently. Need to have First Aid skills prior to camp. Need to bring personal emergency kit to camp.

Prerequisites: 2, 9

Bowman: Scoutcraft, standalone and combined with Search and Rescue

Marriott: Scoutcraft.

Olmsted: Scoutcraft.

Engineering Merit Badge

Use scientific principles to invent, design, and build. Completion of requirement 4 is based on the availability of an engineer to meet with the class during the week.

Prerequisites: 4

Bowman: Nature.

Marriott: The Guild.

Olmsted: Tech Center.

Entrepreneurship Merit Badge

Learn about starting businesses and think up your own.

Prerequisites: 3

Bowman: Not offered.

Marriott: Trading Post, combined with Salesmanship.

Olmsted: Culture Craft, combined with American Business.

Environmental Science Merit Badge

Eagle-required

Recommended for 13 years and older.

Learn about the relevance of the scientific view of nature. This is a time consuming badge and requires work outside of instruction time.

Prerequisites: None

Bowman: Nature.

Marriott: Ecology.

Olmsted: Ecology.

Exploration Merit Badge

Learn about exploring through the ages and go on your own expedition during the week.

Prerequisites: 5

Bowman: Not offered.

Marriott: Not offered.

Olmsted: Scoutcraft.

F

Fingerprinting Merit Badge

Good for new Scouts.

Learn about fingerprints and how we have come to use them today.

Prerequisites: None

Bowman: Not offered.

Marriott: Handicraft, part of Open Program.

Olmsted: Handicraft, combined with Crime Prevention.

Firem'n Chit Award

Award

Earn the ability to carry matches in Scouting by learning fire safety, improving your firebuilding skills, and reviewing outdoor ethics.

Prerequisites: None

All camps offer as part of their New Scout Program.

Bowman: Scoutcraft, drop-in session, combined with Totin' Chip.

Marriott: Scoutcraft, combined with Totin' Chip.

Olmsted: Trailshedd, evening drop-in.

First Aid Merit Badge

Eagle-required

Not recommended for new Scouts.

Teaches basic first aid for common injuries and medical emergencies that Scouts may face.

Prerequisites: 2b1

All Camps: Scoutcraft.

Fish and Wildlife Management Merit Badge

Learn how various fish and animal populations are managed. Requires time outside of class. 7 can be completed at camp if scout catches fish.

Prerequisites: 7

Bowman: Not offered.

Marriott: Ecology.

Olmsted: Ecology.

Fishing Merit Badge

Learn about the sport of fishing. Scouts will most likely need to spend time outside of class to catch fish. Fishing rod recommended. Requirement 9 can be completed at camp if Scout catches fish.

Prerequisites: 9, 10

Bowman: Nature.

Marriott: Scoutcraft.

Olmsted: Scoutcraft.

Fly-Fishing Merit Badge

Learn about the art of fly-fishing. Scouts should be prepared to go on a fly-fishing trip outside of the standard session.

Requirement 10 can be completed at camp if Scout catches fish.

Prerequisites: 10, 11

Bowman: Not offered.

Marriott: Ecology.

Olmsted: Not offered.

Forestry Merit Badge

Learn about the importance of forests to humans and wildlife and how they are managed.

Prerequisites: None

Bowman: Nature.

Marriott: Ecology.

Olmsted: Ecology.

Free Swim/Open Swim

Non-MB Activity

Come cool off in the afternoon! Be sure to bring a buddy. All levels of swimming ability welcome.

All Camps: Aquatics, drop-in activity.

G

Game Design Merit Badge

Analyze tactics and strategies that went into designing various games and learn how to use these tactics and strategies to create games of your own. Good for any Scout!

Prerequisites: 8

Bowman: Culture Craft.

Marriott: Handicraft.

Olmsted: Tech Center.

Geocaching Merit Badge

Geocaching is kind of like treasure hunting with a GPS! Find and place geocaches while learning about geocaching culture and practices. It is a good idea to bring trinkets (like toy soldiers) so you can trade.

Prerequisites: None

Bowman: Not offered.

Marriott: Scoutcraft.

Olmsted: Not offered.
