Welcome to Camp Ross!

Hello future Camp Ross Campers, Leaders, and Parents!

To assist your Pack in preparing for summer camp, we have assembled this guide to help you become better acquainted with Camp Ross and all of our programs. We have also included printouts that will be helpful for your arrival and throughout your week with you.

If you have any questions about this guide or your week at Camp Ross, please do not hesitate to contact us directly at camp.ross@gotogoshen.org. For our returning Packs, please carefully review this guide, as there is plenty of new information regarding changes to schedules, policies, and procedures for the 2026 camping season.

This guide is a supplemental, camp specific guide to the “Goshen Scout Reservation Leader Guide.” For information regarding registration, standards of conduct, camp services, and more, please review the Goshen Scout Reservation Leader Guide, available on the Goshen Scout Reservation website under “Forms and Downloads,” www.gotogoshen.org/information/forms-downloads.

We sincerely appreciate your continued support and leadership in Scouting, and are looking forward to spending an incredible week together.

Ross is Boss!

Yours in Scouting,

PRE-CAMP PLANNING

Your Campsite

All campsites at Camp Ross come equipped with canvas tents on wooden platforms, two cots per tent, picnic tables, a shade fly, and a two stall latrine with a wash stand (and potable water). Campsite preferences may be requested as a part of your Pack's registration, and are assigned upon your arrival at Camp Ross. We will do our best to meet your campsite request, but must consider the needs of all Packs attending Camp Ross at that time. Depending on the size of your Pack, you may share a campsite with another unit, however, you will have your own "subsite" within the camp site just for your Pack.

Adults may be required to share tents with other adults of the same gender. (If leaders are not comfortable sharing a tent with another leader, they may provide their own tent and set it up within the site. Goshen Scout Reservation does not possess the resources to allow each leader to have their own tent).

Spring Parent Meetings - Be Prepared!

A pre-summer camp parents meeting is a critical orientation held by unit leadership to ensure families are informed about travel logistics, medical requirements, and program specifics prior to your departure for summer camp. Through this meeting, your Pack's leadership, parents, and attending Scouts will feel more comfortable and prepared ahead of your upcoming summer adventure.

We encourage you to use the Goshen Scout Reservation "Pre-Camp Parent's Meeting Guide," which provides an agenda outline and script to support your Pack's leadership in leading a pre-camp parents meeting. This guide is available at <https://www.gotogoshen.org/information/forms-downloads/> under "General Goshen Downloads."

Quartermaster (Q.M.)

The Quartermaster is located between the Trading Post and Handicraft Pavilion. The Quartermaster is equipped to assist your unit with projects you wish to complete while at camp. Our Facility Director can assist you in deciding on your service project and gathering the required tools. If you need something outside of open hours, or the facility staff is temporarily out working on a project you can fill out a request slip located in the program office. Please treat all of Ross' equipment with respect by bringing items back in similar condition to which you received them.

What the Q.M. has for your unit:

If you are using our facilities and notice something broken or in need of repair please let the Facility Director(FD) know ASAP. Stop by the admin office to fill out a maintenance request form located on the facility directors desk. If it is emergent, inform any admin staff member who will quickly inform the FD.

For other basic supplies stop by the first aid station located on the side of the Administration building. There will be a staff member here 24/7 if you run out of materials in the middle of the night or need to get a hold of any admin staff member staff.

What the First Aid station has for your unit:

- Toilet paper, trash bags, and soap/sanitizer

FOOD SERVICE

For copies of the most recent Dining Hall Menu (Standard and Vegetarian), please visit www.gotogoshen.org/information/food-menus/.

Food Allergies and Dietary Restrictions

Food allergies and dietary restrictions must be indicated as part of your unit registration.

Please indicate dietary needs under each participant’s information on the online registration system. The Goshen Scout Reservation Food Service and Camp Staff will do our best to accommodate all food allergies and dietary restrictions but cannot be held accountable for the management of these allergies. Notice of severe dietary restrictions should be shared with your Camp’s Administrative Team at least 3 weeks prior to your Scout’s arrival at camp.

Foil Dinner Night

Tuesday evening in camp, all leaders and scouts will be given the ingredients for a foil dinner to cook in their sites. Wood for this meal should be collected early by the unit and kept dry. Many units bring additional charcoal to make cooking easier. Please send an adult leader to the Dining Hall at 4:30 pm to pick up your food! All food is safe to eat from the Dining hall and only needs to be warmed by a campfire to improve its tastiness! Please also consider using charcoal, there will be some supply available at our Camp Trading Post.

In anticipation of this event, please bring the following:

PROGRAM SCHEDULE STRUCTURE

Your Pack's program schedule while at Camp Ross is broken into two parts. On Monday and Tuesday, your Scouts will be introduced to the safety rules of each program area and participate in introductory activities. During the second remainder of the week, your Pack will have the ability to select the programs you are interested in participating in. Learn more about the program schedule structure below!

Monday & Tuesday

Your Pack will receive a copy of your Monday and Tuesday program schedule during the week's first leader's meeting (Sunday evening). Throughout Monday and Tuesday, your Scouts will be introduced to each program area, traveling together and participating in programs as a group. We encourage leaders to use this time to take a pulse in their Scout's interests in each area to help form your decision on which activities your Pack will want to participate in the remainder of the week.

Wednesday, Thursday, & Friday

The schedule for the second part of the week (Wednesday, Thursday, Friday) is based on what your Pack wants to do! At Monday's evening Leader's Meeting, you will submit a "request sheet" where your Pack will list activity preferences for the remainder of the week, including advancement opportunities and open programs. Other schedulable activities will include hikes to Viewing Rock and the Swimming Hole. We also encourage Pack's to reserve a "Shower Block," where the Shower House becomes designated to your Pack for the hour.

You will receive your Wednesday - Friday schedule at the Tuesday evening Leader's meeting. We will make every effort to accommodate your first choice schedule!

Program Schedule

A copy of the most up to date Camp Ross Program Schedule is available for download at www.gotogoshen.org/ross under "Forms and Downloads."

Tracking Advancement

Many of the activities at Camp Ross are not just fun - they also cover Adventures for Webelos and Arrow of Light ranks! Most times, Adventures are completed in full, but there are some opportunities that cover just a couple parts of Adventures.

Leaders should keep track of what their Scouts complete during camp. Use the chart in the last pages of this packet to keep track of which activities complete the different Adventures and Adventure parts.

SAFETY AT CAMP ROSS

Site Guides

One or more staff members will be assigned to be your Site Guide for the week. Their duties include being a liaison between the unit and the camp staff in addition to assisting and guiding your unit throughout the week. If you have any questions or needs while at camp, your Site Guide(s) are there to be a resource for your unit. If you have issues reaching your Site Guide while at camp, please let the Camp Administration team know.

Buddy System

All participants at Camp Ross should adhere to the buddy system at all times at Camp. The buddy system helps to ensure that scouts and leaders are staying safe in camp and that all scouts are accounted for at all times. Buddy pairs should be single gender, unless in groups of 3 or more scouts.

Participants with Special Needs

We will make any necessary accommodations to provide a welcoming and positive program for all participants. Please contact us at least 1-2 weeks in advance of your arrival so we can work with you to develop a plan to provide the best possible programming.

Wildlife

Goshen Scout Reservation is home to scouts only for a short six weeks of the year. During the summer and all other times of year Goshen is home to many wildlife including Raccoons, Rabbits, Squirrels, Deer, Bear, and more. If it is noticed that wildlife are overly comfortable around participants it must be reported to the Camp Administrative Staff. **The storage of food in the campsite overnight is prohibited**, all food and trash must be locked in a vehicle in the camp parking lot or deposited in the dumpster prior to bedding down for the night. Please follow these instructions as closely as possible to avoid uncomfortable interaction with our Goshen Wildlife. The full GSR Wildlife Policy is available for review in the Goshen Scout Reservation Leader Guide.
